

Work Day

at the

Gardena Willows Wetland Preserve

1200 West 170th Street, Gardena

Saturday, October 17th

from 8 am until every last beetle is gone

The Preserve is currently being invaded by a small beetle that is killing all of the trees. We need lots of help removing and disposing of every sick tree. If we get the beetles now, we may be able to stop them from killing every tree in the Preserve.

Please wear long pants and closed toed shoes.

We'll provide gloves, water and lunch.

Questions? Call 310-217-0681

Day of work, call 310-415-5354
