

Community Emergency Response Training Los Angeles County Fire Department

Following a major disaster, police, fire, and medical personnel may not be able to fully meet the demand. People will have to rely on each other to meet immediate life saving and life sustaining needs. Learn from experts how to prepare and respond.

PALOS VERDES PENINSULA FREE CLASSES BEGIN WEDNESDAY, APRIL 6, 2016

Following a major disaster, police, fire and medical professionals may not be able to meet the demand for emergency medical attention. Residents and neighbors may need to rely upon one another to help with immediate life saving needs, particularly in isolated neighborhoods that may be cut off from the main roads.

The L.A. County Fire Department's **Community Emergency Response Training (CERT)** program was developed through FEMA to provide basic training in safety and life saving skills for the public.
