12% Reduction in Water Usage Requested

The State Water Resources Control Board has approved new regulations targeting a 12% reduction in water use (based on 2013 figures) for Golden State Water Company customers in your service area.

The approved regulations include restrictions on water use as detailed in the attached Notice of Staged Mandatory Water Conservation and Emergency Drought Regulation documents.

Golden State Water Company understands that irrigation and HOA customers face special challenges in their efforts to achieve water reduction during periods of drought and mandatory water rationing.

In order to assist you with your water reduction strategy, Golden State Water Company is available to meet with you, or attend a Homeowners Association meeting at your convenience.

Please contact the undersigned at (310) 767-8200 Ex 509 if you would like Golden State Water Company's assistance in plans to reduce your water usage.

Sincerely,

Autumn Humphrey
